

Description for PRMT focused set

Medicinal and Computational Chemistry Dept., ChemDiv, Inc., 6605 Nancy Ridge Drive, San Diego, CA 92121 USA, Service: +1 877 ChemDiv, Tel: +1 858-794-4860, Fax: +1 858-794-4931, Email:

ChemDiv@chemdiv.com

Reference database includes more than 100 small molecule compounds with reported affinity against PRMTs. The focused library has been collected based on privileged substructure searching including core-head containing analogues, 2D-topological pharmacophore modeling, isosteric morphing and structure similarity searching (Tanimoto) as well as diversity sub-set. Several representative examples below:
